Greensboro City Council & City Staff,

Members of the Greensboro Regional REALTORS® Association reside in diverse communities across Guilford, Randolph, and Rockingham Counties and embody our REALTOR® Code of Ethics, the governing document which protects the housing and property rights of all people, regardless of race, color, religion, sex, handicap, familial status, national origin, sexual orientation, or gender identity. We embrace equality and inclusivity, honoring individuals and respecting differing perspectives to reach common goals for the betterment of all. Racism and discrimination have no home in North Carolina.

This strict adherence to the REALTOR® Code of Ethics is why our members care deeply about fair housing policies in our community. We must do everything we can to ensure we fight against housing discrimination during the home buying, selling, and renting process.

GRRRA fully supports the Greensboro City Council's recent resolution reauthorizing and amending the 2015 Nondiscrimination Ordinance's Fair Housing Provisions. GRRRA is proud to serve a city that takes fair housing seriously and is eager to work alongside the city to see these rules enforced and to strive toward a better city for all people.

GRRRA recommends that the Department of Housing and Urban Development approve this resolution and incorporate the new language into Chapter 12 of the City Code.

Thank you for your time and effort to make access to Greensboro's housing more accessible and equitable for all.

Sincerely,

DocuSigned by:
